IGNITE YOUR WEB MARKETING

Getting your website ranked highly in popular search engines is not an easy task. it takes dedication and commitment from a team specializing in your unique profession.

As a full service internet marketing firm, we take a holistic approach to your internet marketing needs. We understand the essential elements that have to be in place in order for your firm to achieve outstanding results. Our team of experts, which include SEO specialists, website designers, content writers, social media experts, blog writers and mobile website designers, are highly skilled professions and we take pride and ownership in every project we take on. Fuel Web Marketing will partner with you to create a customized internet marketing strategy specific to your business and your unique goals.

HIGH PERFORMANCE FUEL

At Fuel Web Marketing, we are a performance driven company. Understanding your business needs is our core objective. We know that results matter and our success truly depends on the success of our clients.

Request a free consultation with your dedicated Internet Marketing Consultant

Fuel Web Marketing provides cutting edge website design, marketing and optimization. Building your business growth and prosperity is what we are all about. We will give you key intelligence on your competitors including what they are doing online to be successful. We will analyze their strategies to help you compete and give you the advantage you need to succeed.

At Fuel Web Marketing, we understand that your success is our success. We can help you build strong online presence. As an experienced digital marketing firm, we work with all types of firms both large and small, local and national, to grow and expand their online visibility.

Industry Solutions

Fuel Web Marketing offers a complete internet marketing product suite. Whether you are a large, multi-state firm, a small one or two person office or anywhere in between. We have a customized solution for just about any marketing budget.

ENGAGE YOUR CLIENTS

Fuel Web Marketing has been raising the bar for online marketing practices since we first opened our doors. **Blending time-tested practices with cutting-edge strategies**, we continue to grow and expand our portfolio of online marketing services to provide you – our clients – with what you need to meet and exceed your firm's goals.

We look at your whole business, evaluating all of the marketing options that will work for you and recommend the best integrated strategies to give you the greatest return on your dollar. Our dedicated team of experts are focused on improving your web presence. From responsive website design to engaging content geared to your unique industry, the Fuel Web Marketing team is focused on one thing — striving to improve your online image and delivering great results!

Innovative ideas to meet your digital marketing needs. When you hire Fuel Web Marketing, you hire the combined talents and experience of our team of designers, programmers, search engine optimization (SEO) experts, and inbound marketing strategists who are focused on creating websites that are designed to convert leads into clients. We understand **KEYWORDS** and can custom tailor written content specifically to your firm enabling people searching online to find you.

73% 

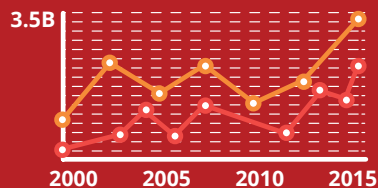

Mobile search in the U.S. can help drive valuable outcomes for your business. 73% of mobile searches trigger an action and 28% lead to conversions.

40K/sec. 

Every second over 40,000 people around the world search the internet with Google using targeted keywords and phrases. So if you don't have the right keywords, your site simply won't rank.

92% 

92% of adults in the U.S. use search engines as their primary tool when researching and hiring a professional.

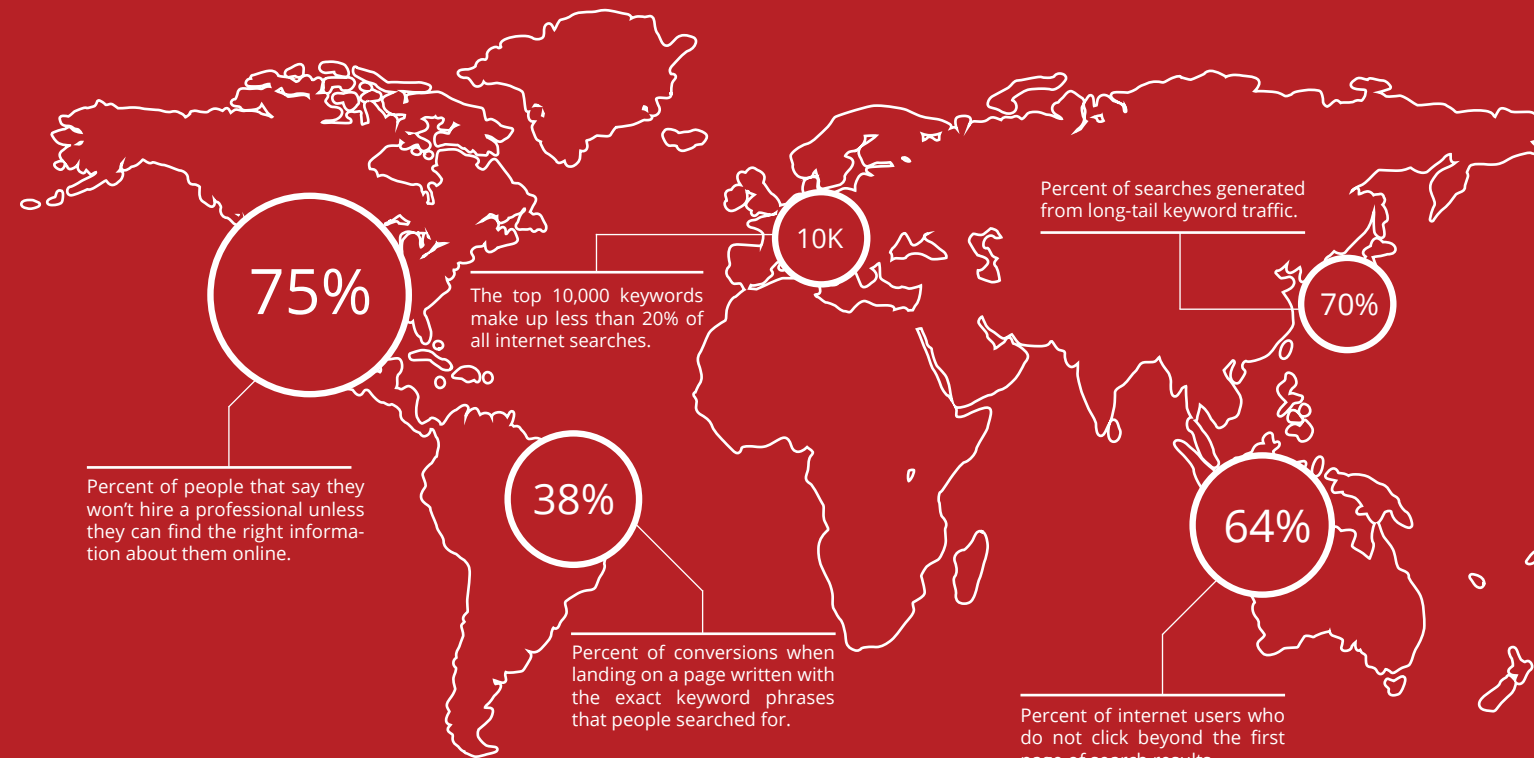

Google answers over 3.5 Billion questions per day

Responsive design for any device

In May 2015 Google announced that mobile search outpaced desktop searches for the first time.

The major search engines are focused on creating the best possible user experience, which means that sites that offer relevant information stand to gain the most visibility. Investing in original quality content is essential to SEO success, and the benefits of visitor-focused content is key.

OUR TEAM

We firmly believe that **your success is our success**. We're more than just a web marketing company you hire - we're your digital marketing partner. As the industry continues to grow, we're growing with it and will be here to guide you along the ever-changing digital path. **Our experience is your advantage.**

Web Design, Development and Optimization

Our talented team of web designers, programmers, front-end and back-end developers offer services to facilitate the growth of your business. This includes all manner of website and marketing solutions focused on usability and responsive design, creative branding solutions that inject personality into your website, and custom programming for ideas that you need help bringing to fruition.

Professional Marketing Content Creation

Our team of experienced copy and content writers specialize in creating a marketing strategy that aligns your content with your core services to ensure your site is interesting, informative and excites your viewers. It's all about user experience. The unique content our writers create attract visitors, engage them, and ultimately encourage them to reach out and make contact with you.

WHAT WE DO

Fuel Web Marketing has helped hundreds of clients climb to the top of the organic search engine results page, but **it doesn't stop there**. We work to make sure the increase in exposure means improved traffic, qualified leads, client conversions and elevating your firms online presence.

Design and Development

We build world class websites including responsive and mobile designs.

Content Creation & Blogs

Our team of talented writers create compelling and informative copy.

Market Segment Targeting

We specialize in targeting specific market segments which equates to leads and ultimately conversions.

Visibility Solutions

We are experts in on-site Search Engine Optimization (SEO) producing sustainable rankings.

Social Media Marketing

We'll help you connect with your audience through social media.

Website Analytics

We constantly monitor detailed metrics assessing a wide range of relevant website information.

WHY FUEL?

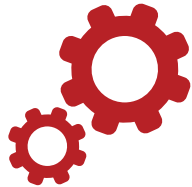

Fuel Web Marketing offers a complete internet marketing product suite. Whether you are a large multi-state firm, a small one or two person office or anywhere in between, we have a customized solution for any marketing budget.

Every project starts with collaboration. We learn about you, collectively define the project, set goals, and determine the metrics for success. It's hard to know where you're going unless you know where you're starting from. We want to know where you started, where you want to go next, what you value, who your

clients are and why they need your services and expertise. We will articulate who you are, what you do, and most importantly, why a prospective client should trust you to give you their business. Ask your Fuel Internet Marketing Consultant for a free, no obligation website analysis and to find out which package is right for you.
